version 11/17/2023 - approved at Acuerdo November 17, 2023 beginning Spring 2024 semester

- This does *not* mean that the given bodies *must* meet at these times.
- It is *not assumed* they will meet. Chairs, deans, officers still need to announce the meetings.
- It does not mean that they cannot meet at other times; they can.
- It *does* mean that **meetings for the given bodies have precedence at these times**; if there are conflicts among several meetings, members will attend the meeting which fits into this schedule. Meetings outside this grid must yield to those in it.
